- ☐ News Release Issued
- ☒ Public Meeting(s) Hearing(s) Held

B. Public Comments

Public comment that was received for the grant application was positive, strongly supporting the program.

Enloe Medical Center responded to a letter sent to interested parties. They support our efforts to secure funding as they rely on the deputies expertise in establishing safe and appropriate landing zones for those injured in accidents in the remote sections of our county. This has significantly reduced the amount of time required to transport serious ill or injured patients to the Trauma Center or Emergency Departments.

BlueRibbon Coalition responded to the website strongly supporting our grant. They believe that the Sheriff's Office has developed and implemented an approach to law enforcement that includes cooperation with federal land agencies, working with uses, and enforcing OHV laws. They have witnessed that the Sheriff's Office are often the first responder to injured or lost OHV recreationists and rescue efforts, often in the middle of the night, on numerous occasions in the Mendocino National Forest.

Additional information was requested in several areas to provide more specific details. These included in the needs assessment portion information regarding agreement with other agencies and in cost estimates portions a brief description of safety items and training.

C. Application Development as a result of Public Comments

- a. Were changes made to the Application as a result of public comments? (Please select ☒ Yes ☐ No Yes or No)
- b. Describe how public comments affected the Application

Additional details were added to several areas to provide more specific information on cost estimates and needs assessments.
